

# referral reward program

“Our satisfied customer’s opinions and support of our products and services is extremely important to our company. To date we have not rewarded these customers for their kind comments and thank-you letters that we have received from them. Many of our customers have referred friends and other family members to us as a result of the fine products and service that we have provided to them. I feel that it is important to acknowledge their contributions by providing a referral reward program to them.”

*Paul Russell, President -Seabridge Bathing Ltd.*

## What our Customers Receive

For each and every peer, friend, or family member that you refer and that we provide one of our baths and installation to, Seabridge Bathing will rebate you back \*1% of the value of your original Bathing System’s cost, each and every time! No Limit to the \$\$ dollars you could receive, our program is INFINITE and there is no maximum number of people that you may refer. \*1% referral is based on before tax value of installation.

## How It Works

Seabridge Bathing will track your referrals and ensure a check is made payable to you upon completion of installation to the new customer!

Every new customer will “ALSO” then be enrolled into the same program, and be able to participate in the same manner and help reduce their costs of their system purchased.

You need to do nothing more than choose and qualify whomever you believe may need our products and services to regain their independence and bathe safely again. Once you pass us those referrals we will work with those individuals in the same professional manner as what you experienced with our company when acquiring our products. We will do the rest!
